

Behavior and conduct policy

We expect everyone to behave respectfully toward others and act in line with Archer values

We will achieve this by:

- Raising ethical awareness and behaviour in daily activities to ensure Archer's integrity
- Not becoming involved in relationships with Archer's clients, suppliers, or individuals, which could give rise to an actual or perceived conflict of interest
- Opposing any form of corruption
- Ensuring equal opportunities regardless of age, disability, marital status, gender, sexual orientation, beliefs, nationality and ethnicity
- Zero tolerance to sexual harassment and bullying
