

Driving policy

Our goal is that everyone arrives safely at their intended destination

We will achieve this by:

- Planning transportation in a safe, defensive, and respectful manner
- Acting responsibly and being in fit condition at all times while in charge of a vehicle
- Driving with due care and consideration for ourselves and other road users
- Obeying all local and national regulations and enforcement agencies
- Complying with local Archer Driving Standards or Guidance documents
- No driving under the influence of drugs or alcohol
- Reporting any incidents to the relevant local authorities and local management
- Undertaking relevant driver training
